

***Baltimore Heritage Quilters' Guild Est.1984***

The *Baltimore Heritage Quilters' Guild* members are planning for our next biannual quilt expo to be held at Goucher College on Saturday, March 14, 2009 and Sunday March 15, 2009. We provide a program to those who attend. This year we are planning for 700-800 people; most will be women of all ages and backgrounds, but their family members and friends as well as people from the Baltimore metropolitan area will attend as well.

Contrary to most people's ideas of quilters, included in our membership are college students; homemakers; artists; working women; medical, legal, educational and business professionals; as well as retirees. We are women who enjoy all types of needlework and crafts. We meet in the Towson area monthly, but draw members from many of the Baltimore suburbs as well as the surrounding counties. If you would like further information, you can check our website at [www.baltimorequilters.com](http://www.baltimorequilters.com).

I believe that your business is of interest both to our members and those who attend our show. I have included a form about an advertising opportunity to purchase an ad in our program. If you would like more information or have any questions, please contact me.

Thank you for considering my proposal.

Sincerely,

Ruth Gumnitzky  
Program Committee Chair  
Quilt Expo 2009
